

# ASSEMBLY INSTRUCTIONS FOR THE SANTA CLAUS GARDEN SPINNER:

**1.** Starting at the bottom of the head, push the locking pins into the hub as shown in Diagram A.

**2.** Do the same thing to the top of the head.

## Diagram A

**3.** Repeat the same procedure for the body of the Santa.

### \*PLEASE NOTE:

Although your Wind Spinner is constructed with UV resistant SolarMax™ fabric, to preserve it's durability, we recommend taking spinner inside during harsh weather or when not in use.

**4.** Slide Vertical Pole over Ground Shaft. Insert Center Hub Assembly over Ground Shaft Ferrule.

### Locking Pin

Ground Shaft Ferrule

**5.** Drive Ground Stake into lawn or garden. Slide Ground Shaft into Stake.
