

# Gopher Golfer

*inflation instructions*

**STEP 1:**  
Remove your Nutty Buddy from its packaging.

**STEP 2:**  
Locate the opening between the shirt and shorts of the gopher. Inflate the air bag that is sewn into the head. Close Inflation Nozzle. Do not pull hard on or tear the seams around the opening.

**Note:** Be sure to close the Inflation Nozzle securely so no air leaks out of the air bag. Do not pull with force on the nozzle as this may cause a break in the seal around the nozzle.

**STEP 3:**  
Pull down on the feet to lengthen the support cage inside the body.

**STEP 4:**  
Hang your Nutty Buddy and enjoy.

14036 Air Pump
