

Assembly Instructions for #84064 Orange Tiger Lily Solar Floral Stake

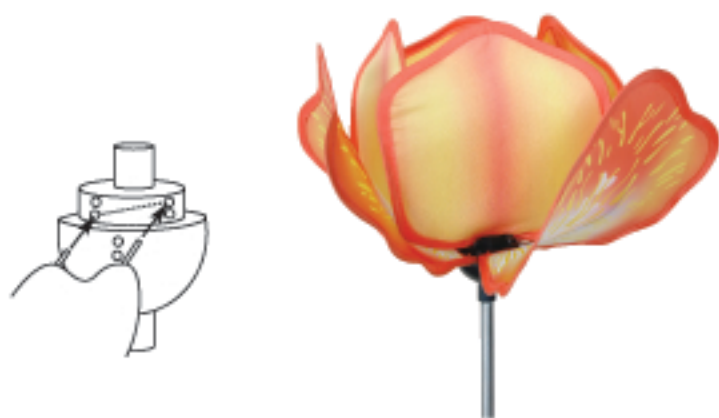

- ① Drop hub with drilled holes into upper pole shaft. Secure top with end cap.

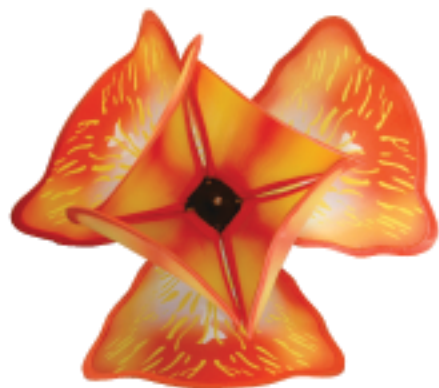

- ② Insert the 3 large size petals with small bits of yellow and white shadings into the two lower most rungs of holes on the hub. Place one tab of each petal in the lowest row, and the opposite tab of each petal into the row above so that each petal is fixed at a slight angle. Push hard to secure.

- ③ Insert top 4 smaller size yellow petals with single orange stripe into the two upper most rungs of holes on the hub. Place one tab of each petal in the lower row, and the opposite tab of each petal into the row above so that each petal is fixed at a slight angle. Push hard to secure.

- ④ With all 7 petals now inserted into an upper and lower rung of holes, you have created a beautiful Tiger Lily.

- ⑤ Insert the finished pole into the ground shaft with pointed tip and drive it into soft ground. The Tiger Lily adorns your garden during the day and glows in different colors at night!

BE SURE TO CHECK YOUR FACTORY PREINSTALLED BATTERIES to see if they are still working. If not, replace batteries before using the solar stake.
