

Step 1

Install the Head Panels into the Upper and Lower Head Hubs. Please note, each Head Panel has a small Sequence Number on the bottom of the Panel. Use the numbers to install the Head Panels in the correct sequence. (Diagram A, B, and C)

Step 2

Install the Lower Body Pole through the Body Sleeve and connect it to the Upper Body Pole inside the sleeve with the Ferrule Connector. (Diagram D)

Step 3

Install the Arm Rods into the Arm Hub. (Diagram E)

Step 4

Install Ground stake in the desired location and insert your completed Spinning Friend in the Ground Stake. (Diagram F)

PLEASE NOTE: Premier manufactures an optional Deck Mount (Item #23935) for mounting your Spinning Friend on a deck railing or piece of dimensional lumber. For purchase, please visit www.premierkites.com or contact your local Premier dealer.
